

Our Forest, Our Future

The people of Iracambi, young and old, national and international, seeks to live out our mission: to create successful partnerships where farm and forest meet.

How you can help

The centre is owned by *Amigos de Iracambi*, a non-profit making civil organisation, tax exempt under Brazilian law. Researchers and volunteers involved in the centers operation pay their own travel and board costs to avoid directing much needed money away from the conservation and development projects.

Much of the funding comes from international sponsorship, and it is through the generosity and concern for the rainforest of these sponsors that Iracambi is able to continue to explore and promote sustainable practices that benefit both the environment and local people.

A contribution of any size is greatly valued, so please do consider pledging your support for this worthwhile cause.

If you would like to become a member of *Amigos de Iracambi*, make a contribution or send us your comments, please visit the website for more details at www.iracambi.com

THANK YOU FOR YOUR SUPPORT
